Listed fees represent the typical amount expended for review and processing, based on historical averages. It is the only fee charged for most applications, except those that are exceptional in scale and/or complexity. "Base fee" and "actual expenses" include costs for staff, consultants, hearing examiner, advertising, communications, postage and public notice expenses when those costs exceed the base (minimum) fee.

Time is computed in increments not less than one- quarter hour. Expenses are payable prior to hearing (legislative and quasi-judicial) or final action (administrative). A final billing will include advertising and hearing examiner expenses.

¹ Final review includes one review and check of corrected plan, traffic analysis, drainage plan, etc. Additional reviews charged at actual expense.

² Additional work beyond permit review and site inspection will be charged at actual costs for construction inspection and remediation. Utility work permit fee is not applicable to work performed by Douglas County Public Utility District.

³ Add \$55 for Fire Marshal inspections conducted outside of Fire District #2.
